

TAX CASE MUST BE ARGUED AGAIN

Supreme Court Orders Rehearing of R. F. & P. Franchise Appeal.

ANOTHER WRIT REFUSED

Clint Trent Must Serve Term for Killing Austrians.

Desiring that a full court hear the argument, the Supreme Court of Appeals yesterday morning decided to listen again to the discussion of the case of the Commonwealth against the Richmond, Fredericksburg and Potomac Railroad, one of the most important cases now pending in the courts of the Commonwealth.

To that end an order was entered setting aside the previous order by which the case was submitted to the court, and it was decided to have a reargument at the March term. The case was argued on January 5 by Attorney-General William A. Anderson for the Commonwealth, and by Allen Caperton Braxton for the railroad.

Following this action, the court adjourned yesterday morning for the term. It will meet again on March 1. The Richmond, Fredericksburg and Potomac case involves the right of the State Corporation Commission to assess that railroad for a franchise tax. Each year such a tax has been levied, the railroad contesting it, and has been yearly brought before the Circuit Court of the city of Richmond. The present case was used as a test, and was decided in the lower court in favor of the road, mainly upon a provision in the Constitution of the United States.

The road rests its case upon the fact that it was exempt from taxation by its original charter, and the constitutional provision referred to is that no State has the power to make a law impairing the obligations of a contract.

Chambers Forfeiture. It is the contention of the Attorney-General that the road has forfeited that exemption from taxation by accepting amendments to its charter at the hands of the Legislature.

At the hearing in January Judge John A. Buchanan, a member of the court, was absent in a hospital in Baltimore. He has now recovered, and will be in his seat at the March term. The question is of so much importance both to the railroad and to the people of the State, that it was decided to have it heard by a full court.

This being another case, like that involving the State debt, which Major Anderson has worked upon for a long time, there was some speculation yesterday as to whether he would not be retained to again argue the case when it comes up on the first day of the March term.

Another Criminal Case. Before adjournment yesterday, the Supreme Court, besides denying the writ of error in the Little case, made a similar decision in another murder matter. This was in the case of Clint Trent against the Commonwealth, from the Circuit Court of Russell county.

Trent was the man who killed three Austrians some time since, was convicted and given a sentence of five years in the penitentiary in each case, making a total of fifteen years. The three dead men were named Mike Cametti, Mike Verbanich and Steve Miesel. The men engaged in a quarrel after drinking a quantity of liquor. It was alleged that a man named Thompson, who was with Trent, pulled a pistol, and that Trent, wishing to avoid trouble, took Thompson's pistol and broke it. One of the Austrians then drew a revolver, which Trent took from him. With this pistol Trent killed the three foreigners, whom he claimed individually attacked him, one of them with a shotgun.

The prisoner was tried on the three cases at the same time. The jury found him not guilty of murder, but guilty of voluntary manslaughter. He must now serve at least a part of his term.

SMITHERS COMES FOR TREAT'S JOB

Transfer of Marshal's Office Will Become Effective Next Tuesday.

It was unofficially announced here yesterday morning that Charles G. Smithers, recently appointed United States Marshal for the Eastern District of Virginia, to succeed Morgan Treat, will assume charge of the office on Tuesday, Mr. Smithers, it is said, is now in Washington, where his commission, it is said, will be issued tomorrow.

The announcement will be greeted with surprise, as it has been generally understood that Mr. Smithers would not come to Richmond until February 12.

"I am not surprised that Mr. Smithers is to take immediate charge," said a Federal official yesterday morning. "As Mr. Treat, it seems to me, would rather not start in on a new month." It is generally thought here that the marshal's headquarters will remain in Richmond, although this matter is a controversy with Mr. Smithers, who has made no statement of his plans for publication.

For the present, at least, Captain Rogers will be retained as chief deputy, and Assistant Deputy Murphy will certainly not be replaced for the present, if at all. There is no doubt but that Captain Rogers will be removed; but Mr. Smithers will not be at liberty to fill his place, except by transfer, until he receives a list of eligible candidates from Washington. The office of first deputy is filled by civil service appointment.

"The Vassar Girls."

It is doubtful if any one of the entertainments of the Radcliffe Bureau has given more pleasure to its audience than did "The Vassar Girls" yesterday afternoon and evening. While the concert was not of the highest class, in that there were no well-known singers or players, still every number was at the very least, entertaining, and many of them were good—indeed, some were more than good. And then the music was chosen to appeal to almost every taste. The concert numbers ran from the sextet from "Lucia" down to "Asleep in the Deep," with the melody of that "show-off" song carried by the bass saxophone; the songs from the Chanson du "Morian" to "When the Moon Was Peck-a-by" and the violin selections from "A Son of the Pustia" to "My Old Kentucky Home," played without accompaniment and "Double Stop" throughout.

These eight young women are really very accomplished; they all play two or three instruments, naturally, and appear to do—except the singer, and she played the piano.

The most artistic work was that of Miss Sandager, the violinist. She played with perfect pitch and a very pretty tone, managed the harp's back and her softer work was excellent. She was encored time and again. The audience seemed to like her best the soprano, Miss McCoy. Her voice is rather powerful, naturally, of good quality, and she used it prodigally. The audience seemed never to weary of her singing. The sextet from "Lucia" was a quartet of good, and the "Vassar Chorus" was very amusing.

The house was warm enough, temperately—it encored nearly every number—but thermally it shivered.

WILL WIND UP FIREMEN'S FUND

Suit Instituted to Secure Distribution of \$20,000 Among Membership.

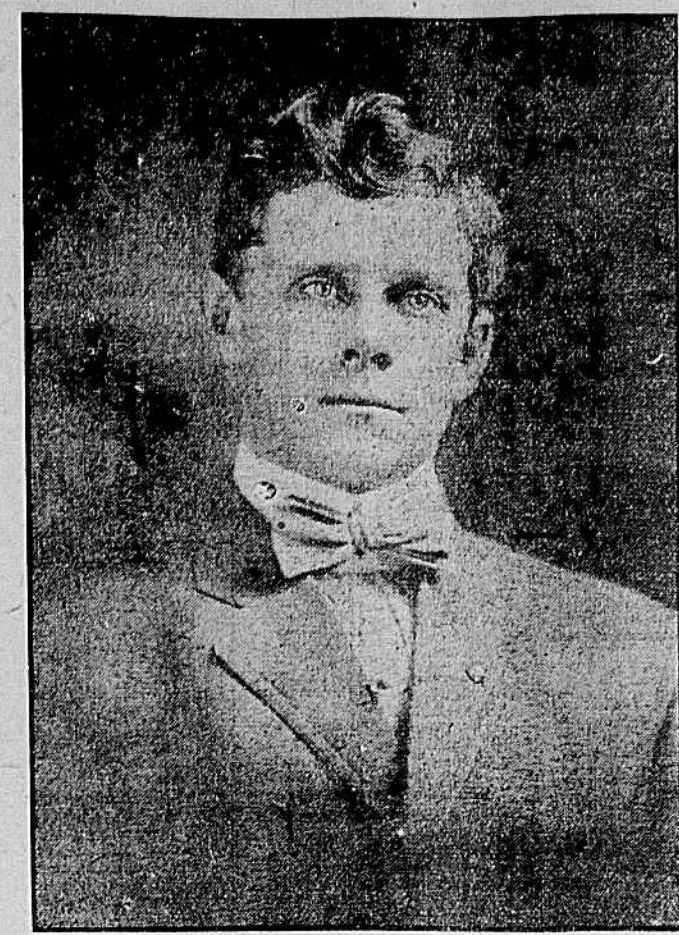

In the Law and Equity Court yesterday afternoon a petition was filed asking that a receiver be appointed to wind up the affairs of the Firemen's Relief Association. The petition was offered by Attorney Sands Gayle, State Senator from Buckingham county, by the style of the suit being W. H. Thompson and others against the Firemen's Relief Association. The petition in the case will be heard by Judge Ingram Tuesday morning at 9 o'clock.

In view of the suit having been entered, by order of the court the association is for the present restrained from collecting from February 1 until orders are received from Judge Ingram.

The association was organized in 1891, incorporated in 1898, and now has in its treasury more than \$20,000 invested in city bonds and other securities. The court is asked to appoint a suitable receiver so that the amount can be equitably divided. Besides Mr. Thompson, other members of the association in favor of dissolving have signed the petition.

Reception at Holy Trinity Church. The pastor and vestry of Holy Trinity Episcopal Church will give a reception to the members of the congregation on Wednesday, February 2, from 8 to 11 o'clock P.M. Refreshments will be served and musical selections will add to the pleasure of the occasion. The reception is purely social, the object being to bring the members together for the purpose of becoming better acquainted with each other.

MRS. SUSAN HITE HURT BY BICYCLE

Severely Injured in Accident at Corner of Third and Franklin Streets.

While slowly crossing Franklin Street, at the corner of Third Street, at 2:30 o'clock yesterday afternoon, Mrs. Susan F. Hite, of 1301 Grove Avenue, was knocked down by a bicycle and severely injured. She was removed to the home of Beverly Randolph, at 119 North Third Street, and Dr. Stuart Michaux was summoned. The rider of the bicycle, a messenger boy, is said to be responsible for the accident, as he was riding rapidly, and not giving warning of his approach.

Mrs. Hite's most serious injury is to her knee, which is probably fractured, although the physicians will not be able to determine this until an X-ray examination has been made. She suffered many fresh wounds and bruises. After remaining at Mr. Randolph's for several hours she was removed to her home, where Dr. George Ben Johnston, her physician, took charge of the case. Mrs. Hite is about seventy years old, and is a sister-in-law of Colonel Morton Marye, State Auditor, with whom she makes her home.

STABBED BY UNKNOWN NEGRO

Richardson Dickerson in Serious Condition from Knife Wound.

Richardson Dickerson, colored, was stabbed in the back by a knife-wielder at Eighth and Cary Streets at 1 o'clock yesterday evening, and Dr. Womack, of the city ambulance corps, appears rather dubious as to his recovery. It seems that Dickerson was accosted by a woman then talking to another negro, and the latter suddenly turned and the second negro struck him, landing a Johnson uppercut. As he reeled from the blow a dirk was plunged into Dickerson's back, and he was counted down and out, while the red flood ran into the gutter. The knife touched the bone, and it is feared that an artery is cut.

The assailant on seeing the effectiveness of his carving ability hid himself to other parts without leaving his address behind, or saying where he could be communicated with.

Dickerson was taken to his home, 118 North Tenth Street, where the attending physician was called in to attend him.

VARIOUS FORMS OF HOOKWORM

High Cost of Living Has Depressing Effect on Henry Banks.

Made desperate by the rise in the cost of dinner like the one his mother used to cook in the days when he lived ten miles from a church and twelve from the country schoolhouse, Henry Banks, colored, helped himself, it is alleged on a warrant, to a big dressed chicken belong to H. E. Winston. But the provender never got to the Banks' home and the waiting children, for the stern arm of the law fell heavily upon Banks' shoulders, and he went to the meagre fare of the Second Police Station.

"And this is what the high cost of living done for me," he said as the steel door closed upon him, and he faced the gloomy prospect of the Police Court tomorrow morning.

It was different with Ananias Hicks and James Sherry, both white, who were charged with breaking into a Chesapeake and Ohio Railroad car and stealing therefrom four cases of Mellow whiskey, consigned to a Richmond patient. The two were arrested by a special officer of the railroad company, and both were taken to the First Police Station, where nothing but water—and that in tin cups and not seductive goblets—is served through the iron grating.

And it seems from the warrant that John Kilrain, white, was afflicted with the hookworm in a different manner, for if the charges against him be true, he felt the desire for towels, a linen apron, and other things of the dry goods line. He is charged with stealing two dozen towels, a linen apron, two wrappers, three counterpanes and a skirt, all belonging to Nellie Gayle.

GENERAL ANDERSON STAYS IN OFFICE

Head of Militia Yields to Request of Governor Mann.

WILL DECIDE ON MONUMENT

Report to Be Formulated To-Day. Institutes for Farmers.

Sacrificing his personal desires at the request of Governor-Elect Mann, Adjutant-General Charles J. Anderson has consented to remain in office until after the adjournment of the General Assembly, when Senator W. W. Sale will assume the office.

General Anderson declined to accept reappointment to the position, and announced that he would retire at the end of his term of office on February 1. The Governor-elect thereupon stated that he would appoint Senator Sale to the position. The latter, in justice to his constituents, who would otherwise be without representation, determined to remain in the State Senate until the end of the legislative session, and it has been stated that the duties of the office of Adjutant-General would be performed for six weeks by Major C. L. Wright, of Norfolk, the adjutant of the First Brigade of Virginia Volunteers.

However, Judge Mann, desiring the benefit of the long experience of General Anderson, wrote him a letter asking him to continue in office until Senator Sale was at liberty to assume it. General Anderson replied that he had made his arrangements to retire on February 1, but that, as an old soldier, he had too much respect for the wish of his commander-in-chief not to comply, even though at personal inconvenience.

Judge Mann is grateful to the Adjutant-General for taking this position.

Cleaning Up Office. Governor Swanson and his secretaries have been as busy as bees during the past few days in gathering up the odds and ends of public business, and preparing the office for the coming of his successor. A large amount of routine matters has been disposed of, and by to-morrow night there will be little on the docket, excepting such matters as have been purposely deferred for the coming of the new Executive.

Gettysburg Monument. The final report of the Gettysburg Monument Commission will be finished to-morrow and presented to the General Assembly. This commission was empowered by the last Legislature to secure a site and to select a design for a suitable monument to be erected on the battlefield of Gettysburg to the memory of the Virginia troops who participated in that battle. The commission is headed by Governor Swanson, and as to-morrow is his last day in office, and the matter can be no longer deferred, the report is to be made up. It is understood that a design will be selected and recommended to the Legislature.

New Law Needed. Many insurance companies are sending in their annual reports to the Commissioner of Insurance. It is hoped by the bureau that an amendment to the existing law will be carried by the present Legislature requiring these reports to be made before the license is granted. At present the bureau is put in the anomalous position of issuing the license and then examining the companies afterward.

How Old Is Owen? For purposes of personal record, formal commissions were issued yesterday to Secretaries Ben P. Owen and George Mundy for the term of four years beginning February 1, 1906. The gifted penman who was asked to write them made a mistake on Mr. Owen's age, giving him as he was commissioned on February 1, 1896. While there is no question that Mr. Owen was a man at that time, he could not remember that he was Secretary to the Governor just then, so a correction was made.

Indigestion Remedy Free

To any victim of indigestion the offer is made that if he or she will send name and address, a free sample of a remedy that is daily curing indigestion will be sent. This remedy is Dr. Caldwell's Syrup Pepsin. Instead of taking the advice of your friends, or using lozenges, peppermints and such things, write for this free sample and see what that will do for you. There is no remedy that has been more successful in the cure of indigestion, sick headache, heartburn, etc., than this grand laxative tonic, because instead of being simply a breath perfume it goes to the root of the trouble, which is poor bowel movement, and cures that. Once the bowels are relieved the stomach has a better chance to do its work. Thousands in the past have accepted the offer of a free sample and later became steady users of Syrup Pepsin. All that Dr. Caldwell desires is that you allow him to prove to you, at his own expense, that his remedy will do as claimed. When you have used the sample and are convinced, you can buy a further supply of your druggist at fifty cents and one dollar a bottle, just as others are doing who once sent for a free sample. You will learn to abandon "dyspepsia cures" for indigestion and cathartic pills and salts for constipation, for Dr. Caldwell's Syrup Pepsin is a permanent cure, while these are but temporary reliefs. Here is a mild, pleasant, non-gripping remedy that can be given to a child with perfect safety. In fact, it is especially adapted to children's ills. Read the many letters of recommendation that users have written for Syrup Pepsin, then try it yourself, and you will see that these claims are justified. Thousands of the best American families have Dr. Caldwell's Syrup Pepsin constantly in the house.

USE DR. CALDWELL'S SYRUP PEPSIN

Your letter and sample at hand. Thought I would answer and tell you that it is the thing I have been looking for. I find it to be the best medicine I have ever used. I am going to get my third bottle this week. I will not be without it. I give it to my children all the time and it acts like magic, and will never be without it. I am thankful to you for it—MRS. MARY BELFORD, 1710 Coke St., LOUISVILLE, KY.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels, absolutely free of charge. Explain your case in a letter, and he will reply to you in detail. For the free sample simply send your name and address on a postal card or other paper, to either of our doctor's addresses: Dr. W. B. Caldwell, R. 527 Caldwell Building, Monticello, Ill.

LITTLE NOW FACES ELECTRIC DEATH

Supreme Court Refuses Writ of Error to Buchanan County Murderer.

Executive clemency is now the only hope of Howard Little, who is under sentence of death by electrocution for the murder of George Meadows, his wife and three children, and Mrs. Betty Justis, in the mountains of Buchanan county, a few months ago. Yesterday in the Supreme Court of appeals a writ of error was refused Little. He is to die on February 11.

The murder of which Little stands convicted was one of the most horrible in the history of the State. If Little is the guilty man he deliberately murdered an entire family for the purpose of obtaining a sum of money with which to fly to the West with a woman with whom he was infatuated, deserting his own wife. However, it is striking that the man has a number of friends who are by no means powerless or insignificant, and it is likely that their resources are not as yet exhausted.

The attorney and friends of Little went to the penitentiary yesterday to apprise him of the decision of the court. He was at first much affected, but soon recovered his equanimity, and said he preferred death to a life sentence. He decided that his body no longer belonged to his former home in McDowell county, W. Va.

In the petition for appeal the attorneys for Little set forth that prejudicial might have entered to a large extent into the conviction of the man. The evidence, however, appeared convincing. The case was carefully worked up by detectives, assisted by local authorities.

In the absence of interference by the Governor, or of a fresh petition for appeal, Little has less than two weeks to live.

WOULD SELL HIS MULE

Farmer Hears Police Department Needs Power for Automobile.

Having been called on by the police department, a farmer called on Sergeant Otey, at the Second Station, last night, over the long distance telephone, and asked if he could make a sale.

"What kind of a mule is it?" asked Sergeant Otey. "Has he got four legs, and is he sound?"

"Yep," came the answer, "sound in every particular; sound as a dollar."

"How much do you want for him?" "I want \$150. I'll take that, but really he's worth more. The only way you want one for your automobile, and I'll take him for you."

"All right," replied Sergeant Otey, "send him in Monday morning, and I'll take a look at him. If I like him I'll take him and try him on the automobile. Hope he's a good one. Slong."

However, in consideration of the epidemic which has followed on the heels of the flood, Captain Willard determined to go to Paris. He sailed on the Oceanic, after notifying the other members of the commission that he will be absent less than three weeks.
